Dear Mrs. Manley:

We would not be able to play you at this time. This is a very busy season here. Our fans ~~work~~ late at night. This will last for about three weeks.

After this is over we could get an Eastern Shore all star team to play you. I think that would be better in that we could draw people from more different places.

Let me know where you play the last week in May and I could have the boy meet

you at the nearest point.

Very truly yours
George Cornish

P.S. I will start working
on an All Star team to
play you.
